REPORT OF THE FOREST FIRE WARDEN AND YOUR DISTRICT CHIEF

During the past year New Hampshire faced the greatest forest fire threat to its woodlands in more than sixty years. The continued drought brought home to our citizens, as never before, the potential threat of destructive fires to their beautiful and valuable forests, homes and livelihood. In true American tradition of meeting a common threat by volunteer effort, this fire danger was minimized by active prevention, patrol and a relinquishing of personal rights for the common good. It was the greatest demonstration of public cooperation ever experienced by those responsible for local and state fire control. The ready forces of volunteer fire services kept the losses low. For their effort and public response the general fire service expresses its heartfelt thanks for a job well done.

Prevention however, is not just an activity for the bad fire years. It must be practiced until it becomes a part of our public conscience — a habit. Just plain carelessness with fire causes too many of our fires.

The following practices and suggestions will help:

1. Always have a permit for outdoor burning and burn within the terms of the permit and in a safe place. Burn late in the afternoon when the wind is down or on rainy or damp days. Check your fire and if winds develop extinguish it promptly.

2. Carry your rubbish to the public dump — its safer. A neglected backyard incinerator causes many fires.

3. Never discard lighted cigarette or match. Make this a year round habit regardless of the safety of your surroundings.

4. Children caused fires are now a major concern. Keep matches away from them and teach them to respect fire and not make it a subject of play.

Let's all join with "Smokey the Bear" and "Keep New Hampshire Green" and growing in 1964.

POLICE REPORT

To the Board of Selectmen:

I herewith submit my annual report for the year ending December 31, 1963.

20 accidents were investigated and filed in the past year, one causing death.

Several house calls caused from misunderstandings, which were reported, and were worked out by those personally involved.

Four warrants were served and taken care of in proper procedure.

The police department had been requested to be seen out more and check carefully for the purpose of breaks and vandalism. In my report last year I stated this procedure would take place at random times day and night. On several, and in one case in particular, this has proved of great value. I want to thank my two officers for making this possible.

I wish to take this opportunity to emphasize to each and everyone for the protection of our children and our town, any car or suspicious persons should be reported to police authority immediately.

Unfortunately, I was unable to attend the police school in Manchester. Two of my officers did.

I thank Mr. Allison again for his faithful attendance to his duty in watching over our school children.

Respectfully submitted,
Roderick W. Lysett
Chief of Police

REPORT OF THE DUBLIN FIRE DEPARTMENT

During 1963 the Dublin Fire Department responded to thirteen calls. One was for a grass and brush fire, two for chimney fires, three to the Town dump, one for a burning car, and the other six for fires of miscellaneous origins.

On August 24, five men from the Department attended the fire fighting training course held on the grounds of Meadowood Fire Department in Fitzwilliam.

Forty-four members now comprise Dublin's roster. The annual fund raising dance was held last summer, and the Firemen wish to thank all those who cooperated to make this project a financial success.

In August, construction on Dublin's new fire house (made possible by a vote of the townspeople at the annual March meeting) was undertaken by the E. J. Bergeron Company of Keene. Now, nearly ready for occupancy, the building is complete with space

for the housing of four trucks, and is equipped with heat, lights, and radio equipment for a base station for the operation of Mutual Aid assistance. The siren has been moved from the roof of the Town Hall to that of the new station. As a result of the change over, the "Red Network" system of reporting fires will be discontinued, and the new "Central Tone" system will go into effect. Details of this, together with instructions for its use, are being printed and will be distributed to all townsfolk.

The new building, efficient, modern and fireproof, is composed of concrete blocks and will be a great asset to the facilities of the town. Plans for an Open House, to be held in the near future, are presently being discussed.

To further Dublin's fire protection even more (also the outcome of a vote taken at the 1963 town meeting), an order has been placed by the Selectmen with the Maxim Motor Company, of Middleboro, Mass., for a new four-wheel drive International fire truck, equipped with a 1,000 gallon water tank and a 750 gallon midship pump. Since this truck is to be built according to definite specifications agreed upon by the Selectmen and the Fire House Building committee, it will necessitate several months of work, and delivery to the Town is tentatively anticipated about August 1.

To the officers and members of the Department who have served faithfully, to the Fire House Building Committee and the Board of Selectmen for their helpful cooperation, I wish to extend my sincere thanks.

Harold T. Shook, Chief

HIGHWAY AGENT'S REPORT

Herewith follows report of the Highway Department for year 1963.

During summer all gravel roads were scraped and maintained several times, ditches cleaned, turnouts widened where necessary, culverts cleaned, stones removed, and approximately one thousand yards of gravel applied.

Brush was cut on several roads, either burned or carted to dump. Overhanging limbs also cut.

At Golf Club, hill was widened, trees and brush cut and road filled in above culvert. Golf Club bridge was replanked, and rails straightened.

New culverts were installed on Old Marlboro road, Taplin, Hale, Mossey roads. Crossley road temporary culvert installed to relieve bad situation there as pond overflows each spring causing washouts. This bridge should be entirely redone.

Stone pond, old bridge removed, brook widened and new pipe installed, also gravelled.

At Goldmine road bridge, all old planks removed, steel supporting beams were installed, and welded, concrete blocks installed each end bridge and cemented, bridge replanked and rails repaired. Tar patched ends of bridge.

The TRA funds were spent on the Charcoal Road, cut trees and brush and burned same. Road widened from Golf Club corner to corner below Dr. Warren's. Culverts were installed and gravelled. More funds are needed to complete this work another year. Most of roads ready for gravelling and then tarring.

Several roads were tarred and all roads tar patched where needed. Also chloride was used on many roads to relieve dusty conditions.

This year the Dump was handled by the Highway Dept. and would like to thank the townspeople for helping us to keep the Dump in better shape and for their co-operation during the dry period this past summer.

All roads were plowed, sanded and salted during the winter months.

All the Highway employees thank everyone for their co-operation this year.

E. Bertell Pierce
Highway Agent

REPORT OF SUPERINTENDENT OF CEMETERY

I wish to take this opportunity to thank the Selectmen for their consideration in appointing me as Superintendent of the Cemetery. I offer my best efforts to sustain their decision, knowing that I will be hard pressed to maintain the excellent condition I found the Cemetery in at the time of my acceptance.

There were twelve lots made available on the western slope that were quickly reserved. Two other lots were relocated. Two hundred dollars was received for Perpetual Care and two hundred forty dollars for Cemetery lots.

It will now become necessary to survey the new section on the East side, have mapped and obtained markers for same as well as for the twelve on western slope.

There was very little fall cleaning so as not to create an over-draft. The western half was raked, the water pump and lawn mowers were removed to the basement of the town hall for safer keeping.

Respectfully submitted,
Glen H. Scribner
Supt. of Cemetery

REPORT OF CEMETERY COMMITTEE

This year the town was saddened by the death of our beloved cemetery superintendent, Henry D. Allison. He gave so much of his time and took such pride in his work.

The work on the new addition to the cemetery was finished this summer, complete with an attractive stone wall built by Franklin Burnham. This project should take care of the burial needs of the Town for some time.

AUDITOR'S REPORT

SMITH, BATCHELDER, SMITH, RUGG & DARLING

Certified Public Accountants

40 Mechanic Street, Keene, New Hampshire

January 15, 1964

Board of Selectmen
Dublin, New Hampshire

We have examined the balance sheet of the Town of Dublin, New Hampshire as of December 31, 1963 and the related statements of revenue and appropriations and expenditures for the year then ended. Our examination was made in accordance with generally accepted auditing standards and accordingly included such tests of the accounting records and such other auditing procedures as we considered necessary in the circumstance.

Scope of the Examination

Explanatory comments on the major balance sheet items follow:

Cash on hand and in bank — treasurer \$69,935.71. Cash in bank was reconciled with the treasurer's books and the balance per bank statement was confirmed by corresponding directly with the depository.

Taxes receivable — \$13,883.64. The uncollected taxes agreed with the collector's detailed listing. Approximately 95% of the outstanding property taxes were verified by corresponding directly with the taxpayers.

Capital reserve fund — \$5,564.86. The sum of \$5,000.00 was transferred from the general fund and \$6,000.00 was transferred to the general fund as voted by the town. Interest received amounted to \$24.57. This fund is in the custody of the Trustees of Trust Funds.

Due to school department — \$46,365.93. The balance due to the school department was computed as follows:

Owed to school department—December 31, 1962	\$42,313 54
Appropriated—1963	76,365 37
	<hr/>
	\$118,678 91
Paid to school district treasurer—1963	72,313 54
	<hr/>

Due to school department—December 31, 1963 \$46,365 37

The Town borrowed \$55,000 00 from the Indian Head National Bank, Nashua, New Hampshire in connection with the construction of the fire station. This loan is payable at the rate of \$3,930.00 per year beginning April 15, 1964 plus interest at 3% per annum.

Excess of liabilities over assets—\$18,111.69. This balance represents the net liabilities of the general fund as reflected by the books and as ascertained from other sources.

Revenues and Appropriations

The receipts as shown by the records were verified from the remitter insofar as practicable. The total receipts and disbursements as reflected in the Selectmens' books agreed with those recorded in the Treasurer's books. An inspection of vouchers and cancelled checks indicated that the disbursements were supported by invoices or other documents and were being properly recorded.

Trust Funds

The balance of cash on deposit in the checking account and in the various savings accounts was confirmed to us directly by the depositories. Securities on hand were inspected or accounted for by us. We verified the dividends and interest received during the year.

The income received during the year on common fund investments was distributed to the various funds included in the common fund on a proportionate basis. Disbursements were made to various beneficiaries of the trusts. The Town was paid \$612.06 as a reimbursement for wages paid on cemetery work for 1962, and \$626.78 for 1963. A complete and accurate set of records was available for our examination.

Dublin Public Library Fund

We inspected securities on hand and confirmed the balance in the various savings accounts by direct correspondence with the banks.

Insurance Coverage and Surety Bonds

In our opinion, the balance sheet of the Town of Dublin, New Hampshire and the related statements of revenues and appropriations and expenditures present fairly the financial position of the Town as of December 31, 1963 and the results of its operations for the year then ended.

Very truly yours,

Smith, Batchelder, Smith, Rugg & Darling

REPORT OF THE PLANNING BOARD

The Planning Board has held regular meetings throughout the year. In January it met with the Fire Department Building Committee to go over their plans for the new fire station. On February 4th, a public hearing was held to present the proposed Planning and Zoning Ordinance. At the same meeting it was recommended to the Selectmen that the appointment of a street Naming Committee be included in the warrant.

At the Town Meeting on March 12 the Planning and Zoning Ordinance was voted upon and accepted.

Soon after Town Meeting it was learned that House Bill 117 had made the method of our adoption of the Planning and Zoning Ordinance illegal. This was corrected by House Bill 595 which went into effect late in June.

In April the Selectmen appointed Mr. Norman Bemis to take the place on the Board of Mr. Edward Whitney who was elected Selectman. At the same time the following people were asked to serve on the Board of Adjustment: Mr. G. Blake Sabine, Mrs. F. Gordon Tolman, Mr. Richard Latti, Mrs. Thomas G. Hyman, Mr. Theodore Rajaniemi.

In July the members of the Board of Adjustment met with the Planning Board and set up their own organization. Mr. Rufus Hale asked to be relieved of his duties as chairman of the Planning Board and Mrs. Frederick Weis was unanimously elected to this position.

In September two members of the Police Force attended a Planning Board meeting and the needs of the Force to increase its effectiveness were discussed.

The Planning Board has appreciated being included in the co-operative efforts of the other town officers and committees and hopes to be called upon whenever it can be helpful.

Nancy M. Lehmann
Secretary, Dublin Planning Board

LIBRARIAN'S REPORT

The book circulation is improving. It is difficult to know how many times a book is read after it is borrowed, especially where books are borrowed by school groups. The circulation for adult fiction was 1264, non fiction 2004, and juvenile 2304, making a total of 5771 books. 239 new books were added, and 249 gifts. 42 books were borrowed from the Bookmobile, and 52 through the State library.

A second book sale was held last August netting \$177.00. With

the money a hi-fi record player with two sets of earphones was purchased. Records will be bought helpful to students and preschoolers. None of the records can be borrowed. We thank Mellisa Goodman, Janice Crossley, Carol Cuddihee, and Billy McQuillen for volunteering their labor to make this sale a success.

Under the terms of the will of the late Dr. Fred S. Piper of Lexington, Mass., the library has received a thousand dollar bequest. It is now invested by the trustees. Dr. Piper made the request that the interest be spent annually for non-fiction books in memory of his father, Jonas Brooks Piper. We are indebted to Dr. Piper for his gift, and for many excellent volumes he has given the library in past years.

Mrs. Robb Sagendorph has given the library a subscription to the Christian Science Monitor.

Other gifts of books and magazines were given by Mr. Hildreth Allison, Mrs. Goodman, Mrs. Boker, Dr. McFarland, Mrs. Chapin, Mrs. Brewster, Mrs. Humphrey, Mr. Putnam, Mrs. Pool, Mr. Smith, Mrs. Tuttle, Mrs. Howe, and Mr. and Mrs. Sewall.

An outstanding exhibit last year was Mrs. Tudor Richards' collection of puppets. George McKee kept the children enchanted with his dinosaurs.

We plan new shelving in the reading room, and better lighting. We hope to have another book sale in August.

The Governor's Committee for Better Libraries has made many suggestions to the State Library for improvement in library service. In a qualitative study which the State Library has done certain suggestions were made. One is that a library serving a population such as Dublin's spend \$950.00 for its book budget. We have that sum in our budget. Another goal is that library hours be extended, and more days open. Working toward this goal beginning in February, the library will be open Friday evening from 7 to 10 o'clock. No increase in the budget has been added to meet this requirement. Carol Cuddihee, library aide, and I will alternate working these additional hours. A film program is being scheduled so that films will be shown once a month on Friday evenings.

An act relating to the State Library was passed last July in which a Library Development fund has been established. It is a program worth watching, and will be most helpful to the smallest libraries in the State. By meeting certain standards it is possible to qualify for state aid. The plan calls for cooperation with other libraries to give better library service.

Respectfully submitted,
Dorothy Worcester, Librarian

E. WARRANT

To the Inhabitants of the School District in the town of Dublin qualified to vote in district affairs:

You are hereby notified to meet at the Dublin Consolidated School in said district on the 5th day of March, 1964 at 2:00 o'clock in the afternoon, (Polls close at 8:00 P.M., unless otherwise voted) to act on Articles 1 through 4 and you are further notified to meet at the same place on the same day at 8:00 o'clock in the afternoon to act upon Articles 5 through 12 hereof:

1. To choose a Moderator for the coming year.
2. To choose a Clerk for the ensuing year.
3. To choose a Member of the School Board for the ensuing three years.
4. To choose a Treasurer for the ensuing year.
5. To determine and appoint the salaries of the School Board and fix the compensation of any other officers or agents of the district.
6. To hear the reports of Agents, Auditors, Committees, or Officers chosen, and pass any vote relating thereto.
7. To choose Agents, Auditors, and Committees in relation to any subjects embraced in this warrant.
8. To see what sum of money the district will raise and appropriate for the support of schools, for the salaries of school district officials and agents, and for the payment of statutory obligations of the district, and to authorize the application against said appropriation of such sums as are estimated to be received from the state equalization fund together with other income; the school board to certify to the selectmen the balance between the estimated revenue and the appropriation, which balance is to be raised by taxes by the town.
9. To see if the district will authorize the school board to make application for and to accept, on behalf of the district, any or all grants forthcoming under Titles III, V, or VIII, or any combination thereof, of the National Defense Education Act, Public Law 85-864 or any or all grants of other funds which may now or hereafter be forthcoming from the

United States Government or from the State of New Hampshire under the provisions of the National Defense Education Act.

10. To see if the district will authorize the school board to enter into a long-term tuition contract with the Peterborough School District for the education of its pupils in the Peterborough Junior-Senior High School, such contract(s) not to exceed a term of 20 years from the date of the contract.
11. To see if the district will accept the provisions of Chapter 197, Section 1a, of the New Hampshire Revised Statutes Annotated and elect its district officers at the annual town meeting.
12. To see if the district will authorize the school board to enter into an annual tuition agreement with the Keene School District, and with any other neighboring districts whose tuition rate(s) are in excess of the state average costs, the agreements made at such rate(s), as have been approved by the State Board of Education for grades not maintained in the local school.

Given under our hands at said Dublin this 19th day of February, 1964.

B. School Program

The school year 1963-64, at the Dublin Consolidated School opened with an enrollment of 105. With the eighth grade enrolled as tuition students in various area schools, the space problem at Dublin has, at least for the time being, been solved. This, of course, makes the school younger and thus makes it closer to the current idea of elementary grouping.

This year is the fourth during which the Spalding Unified Phonics Method has been used, as an integral part of our Language Arts program.

The program in modern mathematics, which was introduced last year to grades one and two, has been now broadened to include grade three. To those of you who are curious as to the content of the "new mathematics," a brief word might be in order. The primary difference between the "tradition" and "modern" approach is in the method by which the fundamental processes are taught. The former method tends to stress the mechanics of mathematics in contrast to the development of an understanding as to the "why" of mathematics, an approach which gives a more effective understanding of the more abstract mathematical concepts so necessary for a full understanding of the mathematical and scientific experiences ahead.

Prior to the opening of school two series of Union-wide meetings were held for teachers. Dublin along with others in the Union met for a period of six days, concerning themselves with the third grade arithmetic program and orientation of new teachers. Our teachers also took advantage of the Teachers' Institute in Mathematics, sponsored by our Supervisory Union and others engaged in independent study at Keene State College.

As a continuation of the above-mentioned mathematics program, we anticipate a series of staff meetings to be held prior to the close of the current school year to prepare for the further development of our arithmetic instruction in the upper grades.

We have continued the after school intramural athletic program. It is hoped that this program will develop certain muscular and physical coordination, as well as a sense of sportsmanship and fair play. Many thanks are extended to Mrs. Charlton MacVeagh for the use of the trampoline during the winter months. The school feels deeply the passing of Mr. MacVeagh, for he was indeed a good and generous friend to the school.

The science program continues along the same lines as in the past four years with the addition of the fourth grade to the upper grade group. In nature study, Mr. and Mrs. Elliot Allison have done a fine job making the study of the natural sciences come to life for the children.

The cafeteria program has run smoothly under the capable dir-

ection of Mrs. Ruth Brening, with assistance from Mrs. Anna O'Rourke and Mrs. Mary Rajaniemi.

Mr. Albert Rajaniemi has continued to do the fine job of maintenance and building care that has made the school known throughout the Union as one that is certainly cared for in a superb manner.

PART III. SCHOOL PLANT

A. Repairs

In addition to the regular summer maintenance, the following repairs have been made:

1. School kitchen completely done over with two coats of paint.
2. Boys' shower room all done over.
3. Several ceilings painted to cover last winter's water damage.
4. All rooms touched up; such as dados, chalk trays, door casings to cover chip marks.
5. Cement work around outside stairs.
6. New well tile put on sump hole.
7. New traps put in under two toilets.

PART VI. AUXILIARY ACTIVITIES AND SPECIAL REPORTS

A. Health

This report is based on Mrs. Lithgow's Annual School Health Service Report for the School year September, 1962, to June, 1963. In October, 1963, I relieved Mrs. Lithgow as school nurse for Dublin.

	Total	Defects	Corrections
Physical examinations by Dr. Mason	65		
Heights and weights	121		
Vision tests	121	22	10
Hearing tests	121	2	2
Teeth	121	19	10
Heart		1	1
Enlarged Tonsils		2	2

The vitamin program was continued again this year, supported by the Woman's Club of Dublin. We wish to thank this organization for making the program possible.

The Dublin Grange supported the Dental Clinic Program, and we are most grateful for their interest. Dr. Lawrence, the school dentist, examined and cared for ten participating students.

A Saban Oral Polio Clinic was held on April 9, and June 4, with ninety-four children receiving type I vaccine and one hundred five children receiving type III.

Dr. Mason held a pre-school clinic on May 7, 1963. Five children were examined and found to be ready for the first grade in September. We wish to express our appreciation to Dr. Mason for serving as our school physician for the past year. He has been most generous with his time.

According to my knowledge this report is correct and complete.

ATTENTION FOREST LAND OWNERS!

Land ownership is a privilege of exclusive use granted by the State for which the town collects an annual rent or land tax. Are you using your opportunity to grow timber which will return all your annual costs and make it worthwhile holding the land?

The State and Town are doing their part by providing:

Roads to Market

Police and Fire Protection

Control of Destructive Pests

Forest Planting Stock

Forest Management Advice

Agricultural Conservation Program

Instead of an annual tax on growing trees, a fee of 12% of the stumpage value is levied at the time of cutting. Your timber will keep industry supplied and help maintain both tax base and employment.

DUBLIN CIVIL DEFENSE

From the avalanche of material which comes my way from Concord almost every week, I am kept exceedingly aware that Civil Defense is still very much alive. However, since the State no longer holds practice alerts and since the emphasis during 1963 shifted strongly to Public Shelter licensing, marking and stocking with food and equipment, group C.D. activities in Dublin during 1963 were reduced. Regarding the Public Shelter Program, we never got by the licensing hurdle and therefore have nothing to mark or stock with food and equipment. Since the area in the Dublin School originally designated by Federal engineers as qualified for a Public Shelter was understandably not available for licensing, I asked that the basement of the Consolidated School be examined and tested on the second inspection by the engineers last summer. Their report was that this area did not even halfway qualify — and that there didn't seem to be any large area in Dublin that would. This does not in any way imply a hopeless situation regarding protection for us during an attack since private shelters in a town of this size are more realistic anyhow. I have available construction plans of variously-priced shelters — as well as instruction sheets for building a protected spot in your basement with sandbags or cement blocks.

The Dublin C.D. Headquarters has been in the basement of the Consolidated School for over a year. I felt this was a protected place and that, thinking in terms of a real attack, our base of operations should not be overly exposed to radiation. However, because of the engineers' report on this location, I'd like to move the headquarters up to the new fire house — which is not protected either. But at least the C.D. 6-meter radio (useless in the school) would have a good chance of reaching Keene, I'm told, if it was taken up the hill. And our equipment, radiation detection instruments etc., would be easier to test, operate, clean and keep track of in the new fire house. The only expense I anticipate for 1964, then, is the cost of moving the aerial from the school to the fire house — if the various permissions necessary for relocating the headquarters are forthcoming.

If anyone would be interested in taking on one of the top positions in the Dublin Civil Defense organization, I would be interested in knowing his (or her) name.

Judson D. Hale

Civil Defense Director
